2016 Images of Edina Photo Contest FAQ

Q: How many total photos can I enter in this year's contest?

A: You may submit a total of five photos.

Q: How do I submit my photos?

A: Visit http://edinamag.com/node/add/photo-entry to submit a photo. You'll need to enter your contact information, upload your photo and click save. You will submit one photo at a time.

Q: I'm seeing a message saying that my photo wasn't large enough, how can I change it?

A: Please remove the uploaded photo and resize the desired photo to less than 2 MB. You can then upload the newly sized photo.

Q: What is the difference between a "photo entry" and a "community photo"?

A: **Photo entries** are photo submissions for the Images of Edina photo contest. **Community photos** are not related to the Images of Edina photo contest. **Community photos** are accepted year-round and are separate from the Images of Edina photo contest. Photos submitted as "community photos" (entered on the upper right-hand side of edinamag.com on the "Submit Your Photography" webpage) will not be considered when judging Images of Edina photo contest submissions.

Q: Why should I include my home address?

A: A home address is collected with each submission in order to send prizes to the appropriate winners of each contest category. While a home address is not required with your submission, we cannot ensure prizes will be delivered properly without a correct address for winning submissions.
